EXPERIENCE

App Developer Intern (On site)   **June 2025 - Present**
(Magnifying India , Mohali)
- Currently working on a live, confidential mobile application project under the Punjab Government, contributing to both frontend development and feature implementation.
- Developed cross-platform mobile applications using React Native, ensuring smooth performance across Android and iOS platforms.
- Collaborated effectively with the team using Git and GitHub for version control, handling branches, pull requests, and code reviews in a collaborative environment.

Full Stack Web Development Intern (On site)   **July 2024 - Oct 2024**
(Phenom IT , Hisar)
- Developed and maintained responsive web applications using React.js, Node.js, and MongoDB, ensuring performance, scalability and security.
- Used Express.js to structure server-side logic and manage middleware functions efficiently.
- Integrated MongoDB for real-time data storage and implemented basic CRUD operations.
